Aloha!

During my years of community service and in particular, my first term as a member of the Honolulu City Council, I have worked with many of you to keep our neighborhoods safe and protected. Working as a team, we have tried to improve the quality of life for the citizens of our community - from keiki to kupuna.

Together, we have worked hard to promote public health and safety and to provide for recycling and new approaches to waste disposal. We have supported smart growth and planned development along with increased bus service and transportation alternatives. We have argued for additional parks and recreation programs and worked to secure a future for agriculture while trying to protect open space. Best of all, we have shared new ideas and approaches to better government.

I am interested in hearing about what is important to you. I enjoy serving the needs of my constituents when pot holes need to be filled, park equipment needs to be repaired, signs need to be repainted, bus stops need to be rebuilt, or any other problem demands attention.

As a public servant, I have found that helping others as well as advocating equal access and fairness is a very fulfilling and rewarding part of my job. I feel that I have made a positive difference and I would like to continue my work on the Honolulu City Council. I am running for re-election and I humbly ask for your support.

Mahalo,

Donovan M. Dela Cruz
